How many groups of 10 are there?

How many pencils altogether?

4 Fill in the missing numbers to complete the sequence.

a

10			16		
----	--	--	----	--	--

b

10		6			0
----	--	---	--	--	---

c

20			14	
----	--	--	----	--

5 Multiply the numbers and write them in the new grid.

2	10
3	6
1	4

$\times 5$

10	

2	7
5	6
10	4

$\times 10$

20	

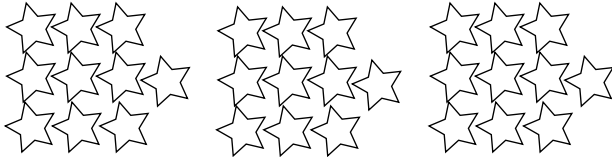

6 Write the number sentence to match these pictures.

a

\times =

b

\times =

c

\times =

d

\times =
