

# SAFARI SPEECH

A group of young people on safari are enjoying watching the animals from the safety of their look-out posts. They all have something to say about the wonderful creatures they are observing but whose words are correctly punctuated with inverted commas?

I wouldn't want to meet that tiger before he's had breakfast said Tom.

Look at the interesting patterns on the giraffe"! said Leo.

"Did you know that the giraffe is the world's tallest land animal? asked Dev."

"Look at the size of the elephant!" exclaimed Fleur.

"do you think they could eat a human wondered Ali."

What do tigers eat?  
"asked Jamie."
