SOCIOLOGY

A-level Sociology for AQA,
4th Edition

Steve Chapman, Martin Holborn,
Stephen Moore, Dave Aiken

What we're doing to support you in delivering the new AQA specification for Sociology

Building on tried and trusted Collins content, the 4th edition of this highly successful series has been revised and updated for the 2015 AQA specification. Containing fresh new features, these resources are designed to provide teachers with the necessary tools to deliver the new content with confidence and to help students secure the essential knowledge skills and understanding to succeed at AS and A-level.

Key changes to the AQA specification

- There are two new specifications which are fully co-teachable at AS and year one of A-level. Assessment is 100% terminal with no coursework.
- Content has been refreshed, with some small changes: 'Education' and 'Crime and Deviance', are now compulsory; 'Globalisation' is included in all topics.
- There are now two assessment papers at AS and three assessment papers at A-level. AS and A-level are also now differentiated in terms of assessment objectives.
- Style of questions have been updated so the command words better reflect the assessment objectives that a question is targeting.
