The **READING ASSESSMENT TOOL** uses extracts from Collins Big Cat books – an equal mix of fiction and non-fiction, including decodable readers that follow the Institute of Education’s Book Bands for Guided Reading.

The child reads from the book, while you log any mistakes in the Tool using an easy key. The Tool also records the child’s pace and comprehension and analyses all of the input to create data for each child.

The books used in the Tool are available to purchase in a set with a built in **20% DISCOUNT**.
