

Jeu: Beetle Drive

A good way to practise the words for parts of the body is to play a game of “Beetle Drive”. The aim of the game is to draw a full person by rolling the appropriate numbers on the dice – each number represents a part of the body. Use the boxes below to draw in.

You need to roll a 6 first to start the game, then add on the other body parts as you roll them on the dice. The first player to complete their person shouts out “**Fini!**” [feenee] meaning **finished!**

Bonne chance – good luck!

Numbers for each part of the body
