Collins Connect

Collins Connect is an innovative online learning platform designed to support teachers and pupils by providing a wealth of content and interactive activities. It is ideal as a front-of-class teaching and learning tool and to support independent learning and home/school links.

Collins Connect has been designed to . . .

- ✓ Enable you to teach flexibly
- ✓ Be simple to use
- ✓ Be straightforward to set-up
- ✓ Make testing and reporting easy
- **✓** Work beautifully across all devices
- ✓ Provide ongoing support

Supporting you with assessment

The simple online Record
Keeping Tool is designed
to help you keep track of each
pupil's level of mastery
against national
standards.

Visit connect.collins.co.uk to sign up for a 14-day free trial

Don't miss out!

We will be adding new content to Collins Connect regularly. To keep up to date with what is available go to connect.collins.co.uk to access the latest sample chapters and register for a free trial, or contact education.support@harpercollins.co.uk for the latest information.

Read and interact with Collins Big Cat Progress and KS1 eBooks on any device. Whether your pupils are at school, at home or on the move, they can practise and enjoy reading.

For more information see page 16

Supports a mastery approach to teaching maths through the online Planning Tool, flexible teaching slides and engaging games and tools. Your planning, teaching and assessment needs will be fully supported.

For more information see page 44

A comprehensive skills-based, flexible suite of digital resources designed to match the English curriculum. Resources feature engaging activities that cover spelling, comprehension, vocabulary, grammar and punctuation and composition plus The Reading Attic will inspire a love of reading for pleasure.

For more information see pages 18-25

An online toolkit for teaching science, including support for planning, teaching and tracking progression. It also includes videos to enable you to make real-world links, animations to help explain abstract concepts, and slideshows with high quality images and text.

For more information see page 61

KEY STAGE 2

COPPER to PEARL

Copper to Diamond is ideal for fluent readers in Years 3-6. Longer chapters and more challenging plots encourage readers to develop their skills of inference and deduction.

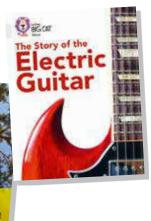

Pearl books are for confident readers in Years 5 and 6. With substantial text and challenging themes, Pearl bridges the gap between a reading programme and longer chapter books.

NEW FOR 2017!

Stunning traditional tales,
Shakespeare retellings and engaging
non-fiction to support teaching
across the Curriculum.

DELIVER HIGH-QUALITY AND ENGAGING GUIDED READING WITH COLLINS BIG CAT

With a wealth of genres and topics to choose from, your pupils will have a rich guided reading experience supporting them in reaching higher reading standards.

Each COLLINS BIG CAT book is levelled to match the Institute of Education's Book Bands for Guided Reading.

The Reader Response page encourages pupils to respond to texts in different ways.

Every Collins Big Cat book features a bespoke guided reading session plan written by a literacy expert featuring a range of strategies to assess comprehension.

Learning objectives: discuss understanding and explore the meaning of works in ontext: calluate how authors use language including figurative language, considering the impact on the reader; identify the audience for and the purpose of writing, selecting the appropriate form; use spoken language to participate in discussions, presentations,

performances, role play, improvisations and debates.

Curriculum links: Geography Interest words: lowest-of-the-low, innocents, hag, predictions, loyalty, betrayal, successor, oaf, provisions, outlaws, proclaimed, summoned, unkempt, confronted, ambitious

Resources: ICT for creating an advert; paper and pencils

Getting started

- Read the blurb together. Ask children what they can infer about the setting and the mood of the story from the text and illustrations.
 Probe them for suggestions about where and when the story is set and about the character of Macbeth.
- Explain that this story is a tale of ambition. Discuss what being 'ambitious' means, drawing examples from children's own experience.

Reading and responding

- Read p2 together. Ask children what they can infer and deduce from this prologue, e.g. that Macbeth is a murderer, that his story is famous, that the story is terrible.
- Explain that the prologue is powerful because of the language used by Conn. e.g. "I'm he lowest of the low." Check that children understand what this means and ask children what they notice about his narration, e.g. that he addresses the reader directly, then he speaks in short incomplete sentences; that he lists facts to build tension etc.

Skills Focus Pathway

Ensure your pupils master the core skills through focused Skills Teacher's Guides and Pupil Books that ensure discrete practice and consolidation.

Spelling

Tackle all the National Curriculum objectives for spelling with a systematic programme of spelling activities. Help pupils remember key spelling rules by investigating how they work.

Comprehension

Your pupils will learn to retrieve and record information, draw inferences from texts and understand the features of a wide range of text types.

Vocabulary, Grammar and Punctuation

Your pupils will develop their knowledge and understanding of grammar and punctuation skills to become confident and skilled writers.

Composition

Support your pupils in becoming competent writers who can write effectively and for a purpose across a range of genres.

Skills Pupil Books

Features:

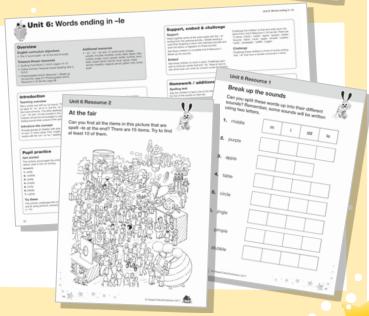

- Include high-quality text extracts covering fiction and non-fiction.
- Provide a child-friendly introduction to each subject and a range of initial activities for independent pupil-led learning.
- A Review unit for each term assesses pupils' progress.
- Variety of activities ensure plenty of practice of the key skills.

Skills Teacher's Guides

Features:

- Overview for each unit with clear lesson objectives tied into the curriculum.
- Introduction to help set out any prior learning and introduce the concept/text.
- Support, embed and challenge section to support a mastery approach.
- Photocopiable resource worksheets for extra practice.

Collins Connect

- Digital resources are available as 1 and 3 year subscriptions for each year covering comprehension, spelling, vocabulary, grammar and punctuation and composition.
- Each subscription includes access to the Teacher's Guide for that skill and year.
- Pupils can practice and consolidate learning through engaging activities and resources.
- You can easily **enter mastery judgments** using a simple traffic light system.

For a full list of the Skills Teacher's Guides, Pupil Books and digital subscriptions available contact Customer Services at education@harpercollins.co.uk.

Integrated English Pathway

A fully integrated, holistic approach to teaching English that embeds core skills into lessons by teaching them in context.

Teacher's Guide 6

Teacher's Guides

Each Teacher's Guide contains 15 teaching sequences, which focus on one text type and follow the same four phrases:

- Enjoy and immerse engages children with a source text through discussion and comprehension
- Capture and organise uses discussion, drama and writing to help pupils analyse the text in more detail
- Collaborative composition supports group and class work exploring the process of writing
- Independent writing provides opportunities for pupils to construct texts independently

Use separately or as part of your chosen Treasure House pathway.

Handwriting

- Teach children to write in a fluent, legible style of handwriting while embedding spelling rules with our carefully graded handwriting programme.
- Using precursive and cursive handwriting styles, pupils will progress from introducing the movements and patterns needed to form letters, through to the development of a personal style.
- The Resource Packs will support teachers in delivering a Handwriting programme through photocopiable worksheets and teaching guidance.
- The write-in Workbooks allow pupils to practice their handwriting through fun activities with illustrations and real-life handwriting tasks.

Treasure House Foundation

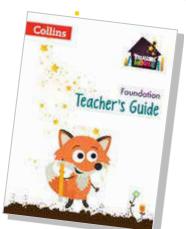

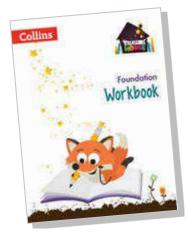

- Covers the EYFS 40-60+ month reading, writing and speaking and listening EYFS outcomes.
- Structured by 6 key EYFS topics with one topic per half term and 3 mini storytelling projects per topic.
- Each storytelling project focuses on an **exciting and engaging text** which include high-quality **books by fantastic authors and illustrators**.
- Topics covered include Animals and In the Air.
- Digital resources on Collins Connect feature interactive activities and videos.

Teacher's Guide

- All you need to teach early reading, writing, speaking and listening skills with 18 teaching sequences
- Whole class focused teaching
- Features a bank of differentiated adult-led activities and child-led activities

Workbook

- A write-in workbook for every child, supporting early writing practice
- Phonics-based
- Linked to the reading and writing Early Learning Goals

Sunshine Books eBooks

- Audio support for all eBooks from levels 1 to 30, pupils can choose to have the text read to them and can tap the screen to hear individual words or sentences.
- Text highlighting as the text is read, it is highlighted word by word at Emergent levels and then sentence by sentence at Early and Fluent levels up to level 24.

The pen tool can be used to highlight words and draw in different colours.

The white text box can be used by pupils to innovate on the text.

- The eBooks cover reading levels 1 to 30 and include both fiction and non-fiction.
- There is a high-frequency words focus for each text up to level 19.
- There are **text annotation tools** such as a pen tool for highlighting and drawing and a white box to create text on the story pages.

Sunshine eBooks include a range of special features that make them perfect for use on tablets, interactive whiteboards, and PCs.

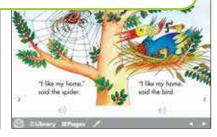

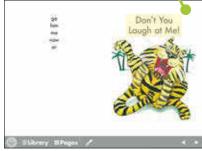

Text is highlighted word by word for levels 1–5 and by sentence for levels 6-30.

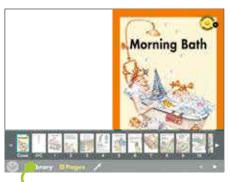

Pupils click on the speaker icon to hear the words read. The arrow on the bottom left opens the navigation bar.

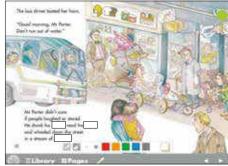

page on level 1-19 texts.

The white text box can be used to hide words so pupils can make text predictions.

The Pages menu allows pupils to move directly to a specific page.

English Grammar, Punctuation and Spelling Test Revision and Practice

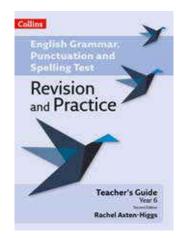

Boost your pupils' core language skills with these comprehensive diagnostic resources that allow you to identify key areas of weakness in your pupils' literacy skills and remedy any misconceptions to ensure your pupils reach their potential in the national tests.

Year 6 Teacher's Guide

Boost children's core language skills in preparation for the Year 6 test.

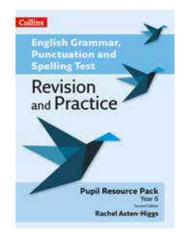

- Diagnostic questions and advice help to analyse children's strengths and weaknesses, enabling targeted intervention work with individuals or groups
- Structured lesson plans and guided teaching activities for every curriculum objective assessed in the English Grammar, Punctuation and Spelling test
- Differentiated activities supports progression for all children

Year 6 Pupil Resource Pack

Resources to develop children's skills for every curriculum objective assessed in the English Grammar, Punctuation and Spelling test at Year 6.

- Follow up tasks to help consolidate learning independently, as well as 'Further Practice' sheets to embed core skills
- Differentiated activities to support progression for all children
- Includes **practice papers** for ongoing assessment

English Grammar, Punctuation and Spelling Test Teacher's Guide (Second Edition) 978-0-00-817327-2 £105.00

English Grammar, Punctuation and Spelling Test Pupil Resource Pack (Second Edition) 978-0-00-817328-9 £105.00

Diagnostic tests

The diagnostic tests identify children's strengths and weaknesses. You can then target your revision sessions, by adapting the order in which you complete the units of work according to the needs of your class.

The tests are organised by subject: grammar, At the beginning of the year, give punctuation, vocabulary and spelling. Give children children a diagnostic test to help a diagnostic test for the area you wish to focus on you identify the key areas you and identify strengths and weaknesses in. need to revise with them. Level Grammar Children complete the diagnostic tests individually and in test conditions. Name Date 1. Write this sentence in an informal way. Do you wish to attend the birthday party of Rachel on Saturday? Target and group children with a 1 mark similar learning need based on 2. Put a tick next to the scenarios that would require you to the results of the write a formal piece of writing. diagnostic tests. A letter to a company complaining about a service. An email to a friend to organise a weekend. A note to your parents to explain where you are. A recount of a school visit. Children gain experience 3. Write this sentence in a formal way. of the kinds of short answer questions they will My teacher is brill, she is so cool and teaches us kids really well! encounter in the real test. Sample page from English Grammar, Punctuation and Spelling Test Teacher's Guide The tests are photocopiable so you can use them as many times as you need to.

Collins Primary Dictionaries

Collins

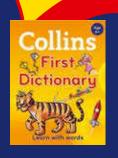

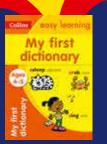

are practical, everyday tools that help children understand and use language. Updated for the 2014 curriculum, our complete range of dictionaries and thesauruses meet the needs of all children aged 4–11.

Dictionaries for Key Stage 1

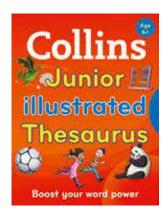

Collins

Junior Illustrated Dictionary and Thesaurus

- Assist children in choosing the right word with clear definitions of each headword and synonyms shown in context
- Build vocabulary with full sentence definitions, examples of word use, colourful illustrations and photographs
- Help develop your pupils' language skills with the Junior Dictionary Skills free downloadable pack. Find it at www.collins.co.uk/homeworkhelp
- Build confidence and writing skills with example sentences and full definition for every synonym
- Improve vocabulary with antonyms, picture pages and word lists

Collins Junior Illustrated Dictionary 978-0-00-755305-1 £10.99
Collins Junior Illustrated Thesaurus 978-0-00-757873-3 £10.99

Ine outlines Noun
An outline is the shape of something, especially when you cannot see any details

outside

Noun 1 The outside of something is the part which surrounds the rest of it. They painted the outside of the building.

Examples

of word use

help develop understanding

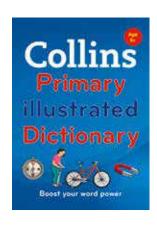

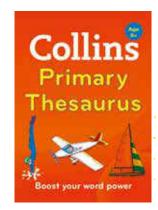

English Dictionaries for Key Stage 2

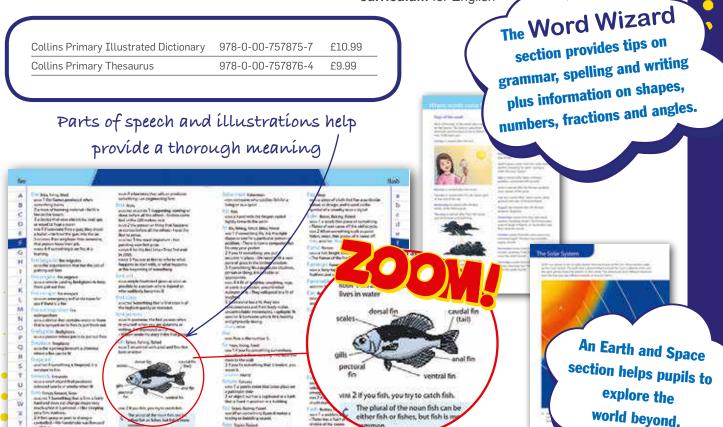

Primary Illustrated Dictionary and Primary Thesaurus

- Boost confidence with clear definitions, example sentences, and tips on grammar and spelling to help children to understand words
- Support grammar, writing and spelling with Collins Word Wizard – providing additional language learning support
- A new supplement on Earth and Space invites children to explore our world and beyond
- Provides extra help with word list boxes, antonyms and word usage tips to help further develop language skills, and word power entries that give alternatives to overused words
- Full definitions for every entry and example sentences for each synonym help improve your students' vocabulary

 Refreshed to cover the latest curriculum for English

Collins

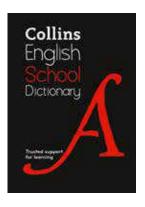

English Dictionaries for beyond Key Stage 2

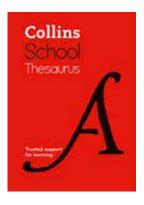

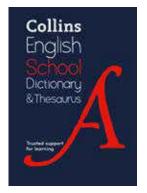

Collins English School Dictionary and School Thesaurus

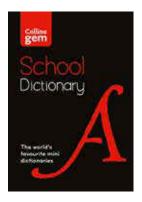

Flexible, accessible and durable, they are ideal for preparing children for secondary school.

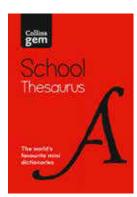

- Developed in association with teachers to ensure they include all the vocabulary your pupils need
- Additional supplement outlines key spelling rules and lists words that are commonly confused or misspelled, helping pupils to identify and master the trickiest spelling problems
- Includes thousands of synonyms and antonyms as well as short definitions for all main entry words
- The 'more synonyms' feature and 'types of' panels help to extend students' vocabulary and extra help is given to help avoid over-use of very common words

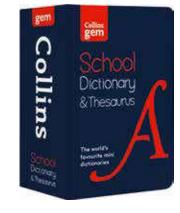

Collins Gem School Dictionary and Thesaurus

- Collins Gem editions of the Collins School Dictionary and Thesaurus are the perfect reference for both school and homework. Small and portable with durable flexibind covers, they are designed to survive schoolbags
- An ideal gift for Year 6 pupils moving to secondary school

Collins English School Dictionary	978-0-00-753506-4	£7.99

Busy Ant Maths

Series Editor: Peter Clarke

Authors: Rachel Axten-Higgs, Caroline Clissold, Caroline Fawcus, Linda Glithro, Elizabeth Jurgensen, Steph King, Martin Marsh, Nicola Morgan, Cherri Moseley, Jeanette Mumford, Jo Power, Janet Rees, Sandra Roberts, Louise Wallace

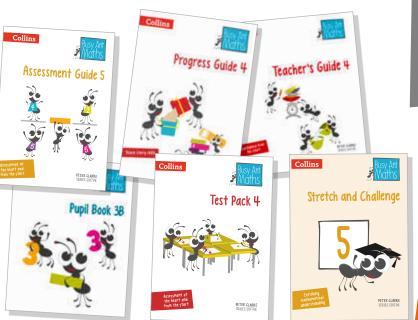

A mathematics course that assists teachers in teaching for mastery and ensures complete coverage of the 2014 Primary National Curriculum for Mathematics.

Busy Ant Maths Basics:

- Supports 'mastery of maths' by developing your pupils' conceptual understanding and procedural fluency.
- Inspires an enjoyment of maths and fosters a 'can do' attitude to the understanding of maths.
- Designed and written with the philosophy that all pupils can achieve high standards in mathematics.
- Offers manageable strategies for effective diagnostic, formative and summative assessment.
- Provides a straightforward and flexible approach that can meet the specific needs of your classroom.

BUSY ANT MATHS: A MASTERY APPROACH

TEACHER'S GUIDES

Progressive, step-by-step programmes designed to ensure key concepts are reviewed and practised regularly.

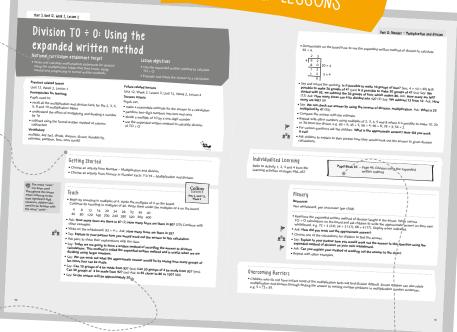

All teaching is whole-class, keeping all children together

The overcoming barriers section will help you to ascertain where any misunderstandings may have occurred, and suggest ways to deal with any confusions the pupils have.

MASTERY FEATURE: TEACHING UNDERPINNED BY CAREFULLY CRAFTED LESSONS

Year 1 Teacher's Guide 978-0-00-756817-8 £115.00 Year 2 Teacher's Guide 978-0-00-756818-5 £115.00 Year 3 Teacher's Guide 978-0-00-756235-0 £115.00 978-0-00-756236-7 £115.00 Year 4 Teacher's Guide Year 5 Teacher's Guide 978-0-00-756831-4 £115.00 978-0-00-756832-1 £115.00 Year 6 Teacher's Guide

Keep track of your pupils' understanding throughout the lesson with helpful progress check questions.

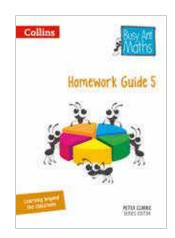

HOMEWORK GUIDES

Homework is linked to the lesson plans in order to consolidate classroom learning.

£50.00 Year 1 Homework Guide 978-0-00-7568277 £50.00 Year 2 Homework Guide 978-0-00-7568284 Year 3 Homework Guide 978-0-00-7562459 £50.00 Year 4 Homework Guide 978-0-00-7562466 £50.00 Year 5 Homework Guide 978-0-00-7568680 £50.00 978-0-00-756840-6 Year 6 Homework Guide £50.00

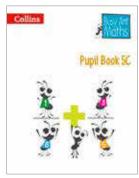

MASTERY FEATURE:
PRACTICE AND
CONSOLIDATION PLAY
A CENTRAL ROLE

ACTIVITY AND PUPIL BOOKS

MASTERY FEATURE: ALL PUPILS CAN ACHIEVE HIGH STANDARDS IN MATHEMATICS

Pupils of all abilities work on the same mathematics domain

Use the grid method to calculate HTO × O

Write the multiples of 100 that each of these numbers is between. Circle the multiple of 100 it is closest to.

a 476 b 753 c 138 d 832 e 216

f g h i j

911 694 374 585 647

Choose a flower pot and a flower and multiply the numbers together. Estimate your answer first, then use the grid method to work out the answer. Make six calculations. Choose different numbers each time.

Example
625 x 8 → 600 x 8 = 4800

x 600 20 5
8 4800 160 40 = 5000

Multiplication HTO x 0 using partitioning

is different to the others. Can you find out why? Examples, models and images clearly illustrate mathematical concepts

Three levels of differentiated challenge ensure rapid progression

Busy Ant Maths Foundation Stage

The **Busy Ant Maths Foundation Stage** has been designed to raise the attainment for every child to prepare them for Year 1. The resources fully support the statutory standards of the Early Years Foundation Stage (EYFS) and extend the scope of the **Busy Ant Maths** scheme into the Reception year – providing full continuity for your school.

Includes:

- Teacher's Guide with planning support and a bank of inspiring adult-led and child-led resource sheets.
- Homework Guide with activities linked to lesson plans and include a feedback section for parents/guardians.
- Activity Book for children to practise and consolidate the Early Learning Goals.

Teacher's Guide Foundation Homework Guide Foundation Activity Book Foundation

Collins Connect

Customise **Busy Ant Maths** content to suit the needs of your class with **Collins Connect**.

- TEACH Teaching content is organised into units with Word and PDF versions of the unit introductions, teacher led activities and explore and play activities.
- RECORD KEEPING The Tool supports the Foundation stage.
- SUPPORT The suggested Medium Term Plan and the calculations policy is available.
- **SONGS** Children can learn and join in with animated songs
- GAMES AND TOOLS Teacher-led interactive tools can be used on the whiteboard whilst games focusing on number sense and place value can be used at the front of the class or as play time for children.

The Shanghai **Maths Project**

The Shanghai **Maths Project**

Practice Books Series Editor: Professor Lianghuo Fan Teacher's Guides Series Editor: Amanda Simpson

Help your class to achieve mastery in maths with comprehensive teacher and pupil resources based on maths teaching in Shanghai.

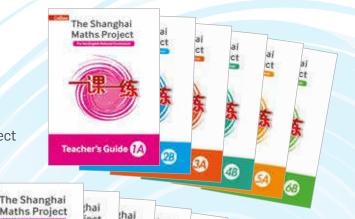

The Shanghai Maths Project is the only Shanghai programme available in the UK and is based around the following principles:

- A step-by-step approach that emphasises the development of basic knowledge, basic skills and thorough mastery of concepts
- Whole-class teaching where teachers reinforce that every pupil can achieve a high standard in maths
- Skilful questioning within lessons to promote conceptual understanding.
- **Problems** are used as a starting point for teaching
- Identifying and rapidly acting on misconceptions which arise through same day intervention
- Understanding is promoted through a variety of representations and exercises

The Shanghai Maths Project consists of:

Teacher support Years 1–6

- **NEW Teacher's Guides**
- **NEW** photocopiable Homework Guides
- NEW digital resources on Collins Connect

thal

Pupil resources Years 1-6

- **NEW edition Practice Books**

Teacher Support

New for 2017

Series Editor: Amanda Simpson

Authors: Laura Clarke, Caroline Clissold, Sarah Eaton, Linda Glithro, Jane Jones, Steph King, Brian Macdonald, Cherri Moseley, Richard Perring and Paul Wrangles.

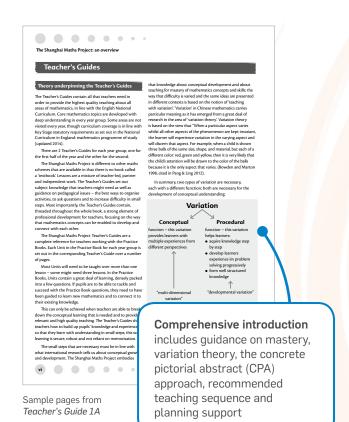

The new Shanghai Maths Project Teacher's Guides and Homework Guides will fully support you in delivering the Maths Programme of Study as part of a mastery approach to teaching.

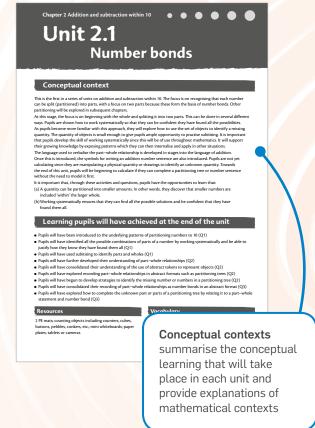

Teacher's Guide

- The two Teacher's Guides for each year ensure complete coverage of the Curriculum
- A comprehensive introduction covering mastery guidance, variation theory and the concrete pictorial abstract (CPA) approach will strengthen your knowledge

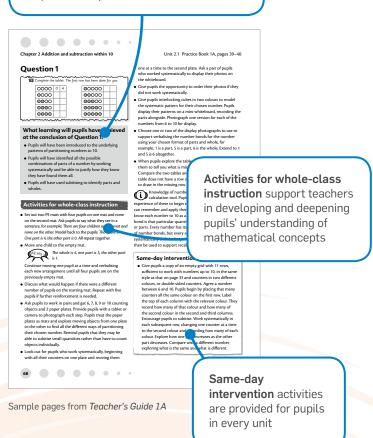

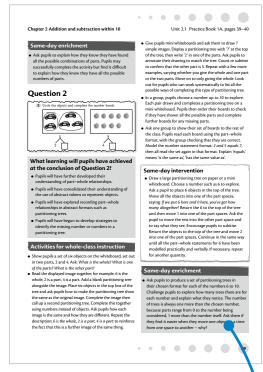

- Teachers will be well-supported using the recommended teaching sequences and planning support
- Teacher's Guides units correspond to the Practice Book units providing step-by-step mastery instruction and guidance
- Activities included cover whole-class instruction, same-day intervention and enrichment

Indicates how skills and concepts will have formed and developed during work on particular questions within a Unit

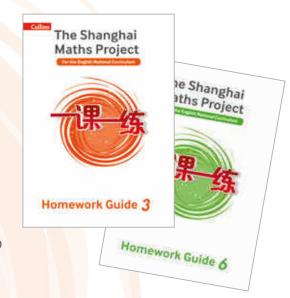

Same-day enrichment for pupils who do manage to achieve all the planned learning, additional activities are described. These are intended to enrich and extend the learning of the unit.

Homework Guides

Author: Paul Broadbent

Series Editor: Amanda Simpson

- A photocopiable master book for each year that will support classroom and home learning
- Exercises are directly linked to the Practice Book units allowing pupils to consolidate learning at home
- A home activity is included on each page providing an idea for practical maths that a parent or guardian can do with the child

Digital resources on Collins Connect

- PDF and editable word versions of the Teacher's Guides and Homework Guides provide flexibility allowing you to tailor resources to suit your pupils' needs
- Plan lessons effectively using the Planning Tool
- Ensure coverage of the National Curriculum using the Record-Keeping Tool
- Engage your pupils through interactive maths tools, slides and images

Pupil resources

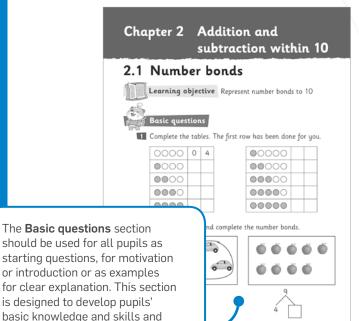

The Shanghai Maths Project

The Shanghai Maths Project Practice Books and Learning Books will enable your pupils to fully master the Maths Programme of Study.

Practice Books 2nd Edition

- With graded arithmetic exercises and varied practice of key concepts, the Practice Books promote deep learning and develop higher order thinking
- Your pupils will practice their maths skills through exercises which build upon small steps of carefully measured progression
- The end of unit tests and an end of year test provide opportunities for pupils to consolidate their learning

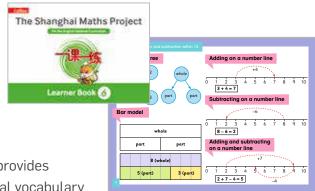

Sample pages from Practice Book 1A

Learner Books

encourage mastery of the concepts.

- These pupil textbooks provide further support for pupils when using the Practice Books
- All the maths facts and images that children need to master the maths programme of study for each year are included
- A full pictorial glossary of mathematical terms provides definitions and images to explain key mathematical vocabulary

Real Shanghai Mathematics

A new programme for teaching primary maths

Real Shanghai Mathematics is a rigorous primary mathematics programme, with textbooks at its centre. This authentic resource will be a direct translation from Chinese into English to deliver a complete maths programme for the primary phase as taught in schools in England.

Your pupils will achieve complete mastery of basic numeracy knowledge and skills allowing them to make vastly accelerated progression through to advanced numeracy. Real Shanghai Mathematics consists of:

- Teacher Guides for each year (1–6)
- Textbooks and Pupil Practice Books for each Year (1-6)

The programme embodies the essence of a high quality maths textbook:

- small steps of carefully planned progression
- a strong focus on visual representations of mathematical concepts
- procedural variation

Secure Maths

Collins

A Primary Intervention Programme

Authors: Paul Hodge, Bobbie Johns and Emma Low

The simplest way to ensure all your pupils are on track.

Assess and Identify

Diagnostic tests assess children's mastery of the curriculum and evaluate their readiness for the next year of work or for the SATs.

Teach

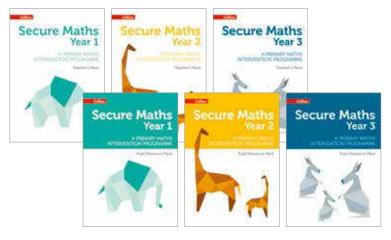

Structured lesson plans and guided teaching activities can be used independently or alongside any scheme.

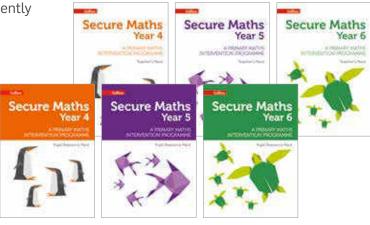

Practice

Follow up tasks help children to consolidate their learning independently and quick tests reassess their understanding.

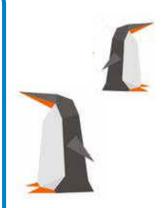

All packs come with a CD containing editable word documents

Fluency in Number Facts

Collins Maths

Author: Peter Clarke

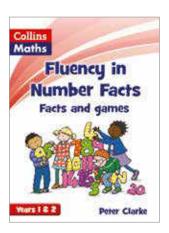

Easy steps to maths confidence.

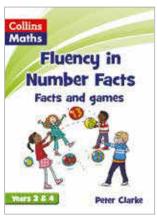

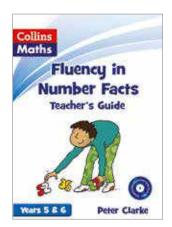

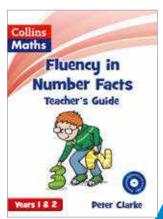

Fluency in Number Facts is packed with exciting games and activities to improve children's recall of number facts and mental maths skills. These activities help to develop children's conceptual understanding and their ability to recall and apply knowledge accurately.

- Improve children's recall of number facts and embed mental maths skills with paired and whole-class activities as well as quick mental maths tests
- Assess children's progress with mental maths tests, including audio support, and self-assessment opportunities
- Cultivate skills with games and activities that can be used within the maths lesson or throughout the day for practice and consolidation

Level 6 Maths

Author: Rachel Axten-Higgs

Ideal for stretching high flyers.

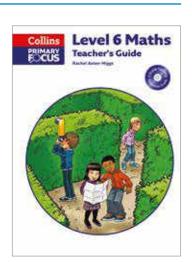

Collins Primary Focus Level 6 Maths assess pupil progress and identifies strengths and weaknesses with diagnostic tests and SATs style practice papers.

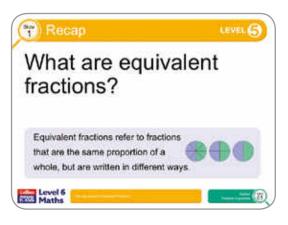

- **Detailed explanations** of each objective and unit overview charts
- Photocopiable individual record sheets and evaluation grids to record strengths and weaknesses within sessions, providing a visual record of gaps in learning
- Support for consolidating Level 5 knowledge and planning
 Level 6 guided teaching sessions using the Online Resource Pack
- Photocopiable SATs-style calculator and non-calculator practice tests
- **Answers** to practice tests and to Pupil Book questions.

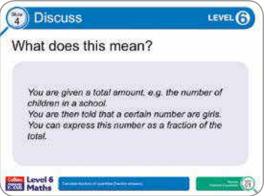

Accompanying CD contains:

- the teaching resources to be used alongside the Teacher's Guide containing teaching slides and discussion points
- everything you need to introduce, explore and develop each concept, before moving on to independent consolidation.

Snap Science

Series Editor: Jane Turner

Authors: Chris Banbury, Nicola Beverley,

Naomi Hiscock, Liz Lawrence,

Christine Moorcroft, Bryony Turford, Hellen

Ward and James de Winter

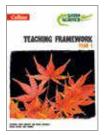

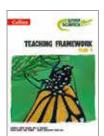

Snap Science is a dynamic, comprehensive programme, packed with inspirational resources, designed to help you deliver outstanding science throughout your school.

- Cultivate a spirit of enquiry in your pupils with practical exploration and
- investigation activities to inspire the whole class. Access clear progression within the "big ideas in science" which is clearly
- Review, track and record every child's progress with complete coverage
- of all concepts and skills from the Teacher Assessment Framework providing a comprehensive assessment solution, written by the experts. Make challenging concepts meaningful for pupils with guidance and
 - Utilise simple science solutions which support you in delivering engaging
 - Help every child achieve with three levels of differentiated challenge in lessons and extending your subject knowledge.
 - Trust Snap Science to support you written by a team of curriculum, and
 - science experts led by the Primary Science Quality Mark (PSQM) National Director Jane Turner.

You can try Snap Science with your class for FREE. Visit www.collins.co.uk/snapscience to sign up today!

MEET THE BRAINS BEHIND SNAP SCIENCE...

Series Editor: Jane Turner

Jane Turner has been a primary school teacher, science outreach leader manager, LA consultant, CPD leader, and curriculum developer. Jane co-founded and is currently National Director of the Primary Science Quality Mark award scheme as well as working as Science Curriculum Advisor to the DfE Standards and Testing Agency.

Jane's team of Snap Science authors, Chris Banbury, Nicola Beverley, Naomi Hiscock, Liz Lawrence, Christine Moorcroft, Bryony Turford, Hellen Ward and James de Winter are all highly experienced teachers who now work as consultants, LA advisers and in Initial Teacher Education.

What schools had to say about Snap Science...

"Each lesson starts with an opportunity to explore, before going into fun activities for the children to complete . . .The teachers in my school are enjoying using the Snap Science planning, and delivering the lessons. The resources are well matched to the New Curriculum and each unit ensures progression. Chris Dorey, Year 3 Teaching Team Leader, Crosshall Junior School

"Since introducing Snap Science into the school we've seen a new interest in science for the children and an excitement in their learning... The children absolutely love it [and] the standards have certainly gone up. I'm really thrilled as a Head Teacher for what it has done right the way across the school. Above all it has given the teachers confidence." Alison Richards, Head Teacher, Hertingfordbury Cowper Primary School

Easy to implement

With an easy-to-use planning tool at the heart of the resource, **Snap Science** is easy to implement across your school. Flexible lesson plans allow you to plan effectively for the needs of your class whilst having everything you need for an outstanding science lesson at your fingertips. Each lesson is teeming with enquiry based, hands-on activities incorporating a range of digital resources to ensure every lesson is rich, lively and engaging.

Every lesson begins with a question - providing a focus for children to explore and think about

Each lesson contains three levels of differentiated challenge to ensure all children can access and master the lesson's learning intention

OUR CHANGING WORLD: PLANTS

Sample from Y1 Teaching Framework

Each lesson links directly to the Programme of Study and the Working Scientifically criteria

LESSON 3: WHAT FLOWERS CAN WE FIND DURING DIFFERENT SEASONS!

Prompt questions are included throughout to develop and assess children's understanding

Effective assessment

- Developed with in-depth formative and summative assessment at its core,
 Snap Science offers simple, yet robust tools for judging and recording whether a child is working at, towards or exceeding the expected standard.
- Ongoing formative assessment opportunities are built into every lesson plan, along with guidance to enable teachers to use what a child has said, written, made or drawn in a lesson to confidently assess their learning.
- For every concept and skill in the Teacher Assessment Framework, a Snapshot
 assessment task will help you to review a child's learning and whether they are
 working at the expected standard.
- Snap Science assessment works alongside any primary science programme.

The control of the co

Snapshot assessments are short, fun activities that a teacher or other adult can use with a child or small group of children to check understanding of National Curriculum Programme of Study for Science concept statements.

Each Snapshot has four elements:

- 1 The activity resources (images, cards, etc. that adults will need to prepare)
- 2 Instruction for the adult leading the activity
- 3 Questions for adults to use to check and probe understanding
- 4 Guidance for adults to assess that a child has achieved the Programme of Study statement

Snapshot Assessment samples

"It very much focuses on activity based lessons, so a lot of the formative assessment is through questioning which is fantastic because you definitely get more of an understanding on whether children understand." Kate Atkinson, Year 4 Teacher, Hertingfordbury Cowper Primary School

Snap Science
Assessment Years 1-6 is
available as a digital download.

collins.co.uk/SnapScience

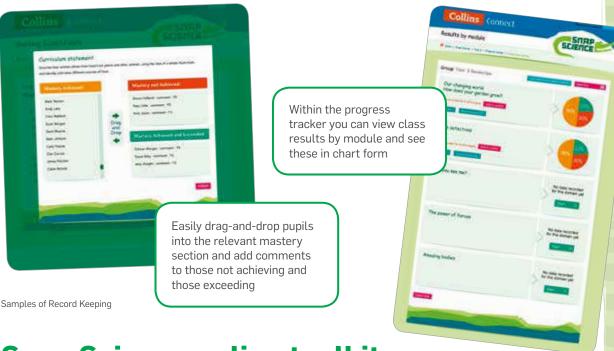

Access full digital support in measuring attainment and progress against each curriculum objective with the online

Collins Connect

Record Keeping Tool on **Collins Connect** – an adaptable tracking and reporting system containing all the data you need to make your final teacher assessment judgements at the end of the key stage.

Select a traffic light for each child per each curriculum statement (green = mastery achieved and exceeded, amber = mastery achieved and red = mastery not yet achieved)

At any time you can easily view and export the data by pupil, by module or by curriculum statement in grid or pie chart form – ideal to take to parent's evening or to show Ofsted.

Snap Science online toolkit

Snap Science is delivered via **Collins Connect** – our innovative online learning platform. Our full digital support package includes:

- Tailored animations
- Videos
- Slideshows
- Interactive activities
- Resource sheets
- Editable lesson plans
- Snapshot assessment tasks
- Record keeping tool

Samples from the image bank

Snap Science Foundation

Snap Science Foundation provides a solid grounding into the introductory principles of science. It covers the requirements of the 2014 Early Years Foundation Stage, delivered through 24 flexible activity plans that ensure comprehensive coverage of common scientific topics including:

Biology

What do worms do? Who has stripes? What is in an egg? What am I made of?

Chemistry

Who made this home?
Who lives here?
Which hat is best? (weather-dependent)
What melts?

Physics

What is night?
What is in the sky?
What is the moon?
What makes it move?

Our Changing World

What is happening to the trees? (autumn)
What is happening to the trees? (spring)
What is happening to the trees? (summer)
What's the weather like today? (winter)

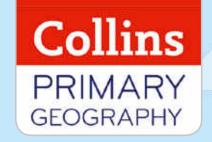

Each activity plan is accompanied by a slideshow of a short fictional story based on meaningful science that leads to a problem or question at the end for pupils to answer. Accompanying the activity plans are downloadable resource sheets and photo banks, saving you time and effort.

Each activity plan is available as a downloadable MS Word file making it easily adaptable to your school.

Assessment for learning is embedded throughout the Foundation year, building on the core strength of **Snap Science**.

Primary Geography

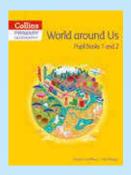

Authors: Stephen Scoffham and Colin Bridge

Engage pupils aged 5–11 with a skills-based course covering key aspects of physical and human geography

Collins Primary Geography provides a progressive, skills-based scheme for primary school pupils. Detailed case studies, as well as an extensive range of evidence, are used to stimulate children's interest and develop investigative skills.

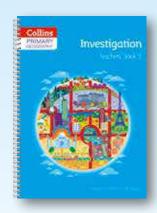

How does Primary Geography meet the requirements of the 2014 Curriculum?

- More focus on locational knowledge there's emphasis on up-to-date case studies, a range of maps and atlases, individual sections on the UK countries and comparisons with the UK to the wider world.
- More focus on local enquiry Teacher Guides provide advice and tips on how to incorporate local area study into your lesson plans.
- Emphasis on extended writing to tie in with literacy investigation points for each lesson offer varied writing exercises to improve literacy skills with both descriptive and comparative exercises.

Teacher's Guides

Each accompanying Teacher's Guide supports the Pupil Book with:

- Planning support for each lesson with clear links on how to develop pupils' map and investigative skills.
- Advice on **progression**, **differentiation and assessment** within the scheme.
- Extension activity copymasters for every unit included.

Find out more at www.collins.co.uk/primarygeo

Pupil Books

introduced throughout

 Each book is divided into units covering physical, human and environmental geography

Advice on how Subject specific language

to study your

local area

A local enquiry

At St Mary's School the children did a project about their local landscape They began by imagining there were no buildings. Then they made a big plan of the area around their school naming the features that they knew. Working from their plan, the children

made a list of landscape words. They draw lines linking these to a list of describing words. Finally they wrote a report about their area to describe their local landscape. You could do a similar project where you live

Download some pictures of

different landscapes or cut them out from magazines. Write some sentences about each landscape for a class wall display.

Unit 1 * Landscapes

They linked a list of landsc

They wrote a report about the area.

- In this unit you have formt.
- the surface of the Earth.
- different landscape features.
- how to study the landscape

Discussion points for each lesson help check comprehension

A wide range of photographs, maps, charts and diagrams

Resource DVDs

Accompanying DVDs for both Key Stages provide excellent support for pupils.

Resource DVDs include:

- Maps
- Videos
- Photo slideshows
- Lesson plans

Connected Geography

Collins

Teachers' Professional Development Programme

Author: David Weatherly

Connected Geography has been written for teachers and provides a fully documented and resourced cross-curricular geography programme that meets the requirements of the National Curriculum.

This curriculum programme has been carefully designed to increase the confidence and extend the professional expertise of colleagues teaching geography in a primary school.

The **Connected Geography** programme is made up of 18 enquiries - 6 for Key Stage 1, 6 for Lower Key Stage 2 and 6 for Upper Key Stage 2. Careful consideration has been given to ensure continuity and progression through the programme in terms of knowledge and understanding, geographical skills and conceptual development.

As well as providing a complete geography curriculum Connected Geography also makes meaningful links with other subject disciplines and SMSC - it is a truly geography focused crosscurricular programme. In doing so, it supports children in understanding the world as it really is connected and interdependent.

Within each enquiry teachers are provided with:

The context of the investigation

Clear learning obiectives

The key subject vocabulary

Background subject content knowledge about each topic

Comprehensive learning and teaching activities

Suggested opportunities for assessment

A wealth of wide ranging multimedia resources

Homework possibilities

About the author

David Weatherly is a School Improvement Adviser and Curriculum Consultant 4-18.

He works with schools, teachers and trainee teachers nationally and internationally to design engaging and challenging curricula and to develop learning and teaching strategies which both motivate and improve the performance of children and young people. He teaches regularly at all stages of learning.

Rainbow Good News Bible

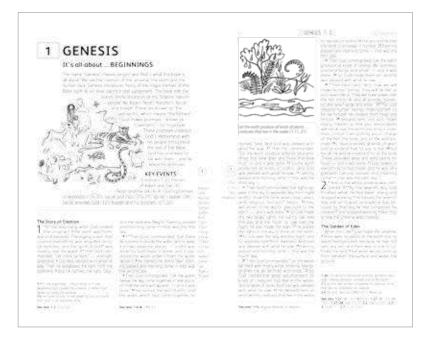

The Rainbow Good News Bible will help to instill a love of Bible reading in children, with a translation that is both accessible and trustworthy.

2016 BIBLE OF THE YEAR -**CRT Awards 2016**

- The perfect choice for a child's first full-text Bible, the Rainbow Good News Bible is recommended both by primary school teachers for use in class, as well as in church Sunday schools.
- Along with the classic, much-loved line drawings **by Annie Vallotton** – including many previously unseen original drawings - the Rainbow GNB retains the 24 beautiful full-colour paintings of children's favourite Bible stories.
- Brand new short introductions to each book have been written especially for children plus a brief synopsis of each book's theme is included.
- Contains a unique range of NEW features to help young children get the most out of the Bible and to find their way around. This includes a 20 must-read passages, a timeline of the Bible and clear headers and footers.

Rainbow Good News Bible 978-0-00-748011-1 £16.99

New Life Good News Bible

The New Life Good News Bible is ideal for children and young adults discovering the world around them and eager to learn how the Bible interprets these events.

- Includes a 64-page section of articles covering contemporary issues such as the Internet, abortion, sexuality and more.
- Suitable as a Year 6 leaving present to prepare pupils for secondary school.
- Features colourful illustrations by Annie Vallotton and a new introduction by Nick Page.
- New navigational features in the headers and margins to help young people find their way around with ease.

New Life Good News Bible 978-0-00-748013-5 £16 99

New International Readers Version Rew (89) (NIrV) Bibles

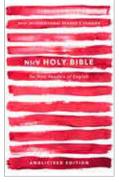

Gift and Award Bible for **Young Readers**

A true translation of the entire Bible that is adapted with care from the New International Version (NIV) and created especially for young readers.

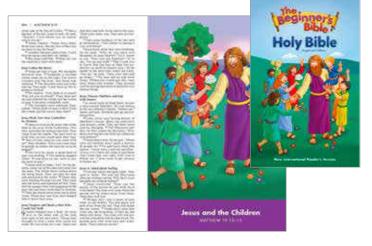

Holy Bible for New Readers of English

Ideal for readers of any age who are new to the Bible, just learning to read, or learning English.

Youth Bible

Perfect for children aged 11+ who are new to the Bible, it features the complete text of the New International Reader's Version (NIrV), adapted with care from the New International Version (NIV).

Beginners Bible Holy Bible

An easy-to-read Bible featuring 20 full-colour illustrations from the popular The Beginner's Bible®, it includes fun art that will help children better understand Bible stories.

Under the Sea Holy Bible

Featuring colour inserts depicting whimsical underwater scenes with themes of God's care and love for each of us and all of creation.

KS1 and KS2 Revision and Practice

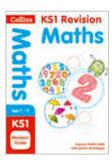

Our new range of revision and practice resources supports the national curriculum.

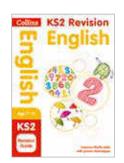

When it comes to getting the best results, practice really does make perfect!

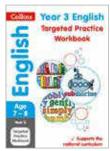

Matched to the requirements of the National Curriculum, Collins Revision and Practice contains clear and accessible explanations of every topic with lots of practice opportunities throughout.

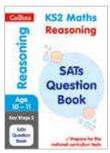

Based on new research that proves repeated practice is more effective than repeated study, the books are guaranteed to help improve performance in tests and assessments.

- Five spaced practice opportunities for every topic
- Quick tests to check understanding
- Differentiated practice questions at the end of each topic
- Review and mixed practice questions later in the book
- Downloadable flash cards for use in the classroom and at home

Letts KS1 & KS2 Revision Success

Letts Revision improves SATs confidence

Matched to the requirements of the National Curriculum, Letts Revision Success prepares pupils for SATs with confidence. The variety of activity types ensures that pupils find the books accessible to help them and achieve the best results in the tests.

- Lively magazine-style layout communicates all the essential information in an accessible way.
- Plenty of **practice questions** reinforce understanding and improve performance.
- Hands-on activities for every topic provide a more varied revision approach.
- Free audio tracks talk learners through all the key points. Download from collins.co.uk/lettsKS2success

Also available: Letts Practice Test Papers, Challenging Maths and English and 10-Minute Tests

Download audio and free sample pages at collins.co.uk/lettsKS1success and collins.co.uk/lettsKS2success

For a full listing of all Letts Revision Success products, please see the order form.

Letts Wild About

Pupils will go wild about learning using the **Letts Wild About** Maths and English books!

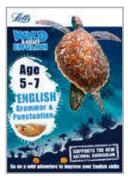

Matched to the new Primary Curriculum, Letts Wild About takes pupils on a wild adventure, where they can practise key Maths and English skills and explore the amazing world of animals along the way.

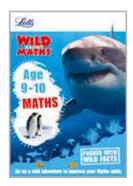

- Accessible activities that support learning at school
- Quick tests to check understanding
- Explorer's logbook to track progress
- Packed with Wild Animal Facts that children will love reading!

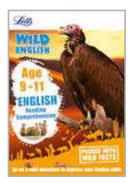

Pupils can find even more amazing animal facts, a map showing where animals live around the world and free activities and poster to download online at **www.wildaboutmathsandenglish.co.uk**

Keen Kite

Keen Kite offer pick-up-and-go resources that have been developed with teachers to focus on the challenges facing Primary schools right now.

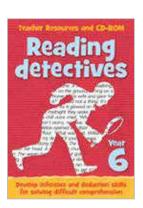

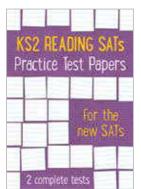

See below for our key 2017 titles or visit www.keenkite.co.uk to see the full range.

Reading detectives

Snoop out the difficult bits of the KS2 reading test with editable teacher resources that concentrate on developing the key skills of inference and deduction.

- Editable comprehension questions focussed on inference and deduction
- A variety of fiction and non-fiction texts at the level of the 2016 SATs
- Teaching guidance from a top literacy consultant

KS2 SATs Practice Test Papers

Provide accurate practice with great value tests for Reading and Maths at the same level of the 2016 SATs.

- 2 complete, photocopiable tests for both subjects
- Match the level and style of the 2016 SATs
- Answers and mark schemes

Everyday Problem Solving and Reasoning

Promote mastery for all pupils by adding 11 key problem solving and reasoning strategies to your lessons.

- Ready-to-use problems for each content domain
- Guidance and examples for all 11 strategies
- Pupil target sheets to track mastery

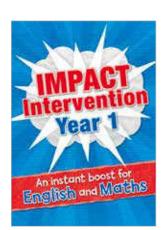

Impact Intervention

If your intervention and booster groups are only scratching the surface, these handbooks provide immediate ways to dig deeper and take learning down the right track.

For key English and Maths objectives:

- Support and extension ideas
- Prompts and open questions
- Ready-to-go activities
- Step-by-step session plans

Collins International Primary English

Series Editor: Karen Morrison

Authors: Catherine Baker, Jan Gallow, Lois Lubbe, Fiona Macgregor, Jennifer Martin, Daphne Paizee, Joyce Vallar

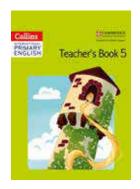

Inspire primary students worldwide with a range of stimulating texts to build literacy and language skills.

Collins International Primary English is a six-level, multi-component course for primary students worldwide, which has been carefully developed to meet the needs of teachers and students internationally.

It is a self-contained, cohesive course which develops reading, writing, speaking and listening skills at primary level.

- Deliver the requirements of the Cambridge Primary English curriculum framework with confidence
- Clearly structured progression through six levels
- Support every child with clearly defined skills and different levels of difficulty within each unit

Collins Primary English as a Second Language

Series Editor: Karen Morrison

Authors: Daphne Paizee, Jennifer Martin, Sandy Gibbs,

Kathryn Gibbs and Robert Kellas

NEW

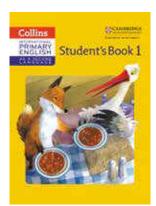

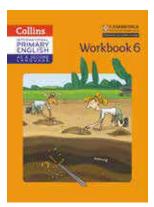

Written with international contexts in mind, this highly flexible, 6-level course provides coverage of the Cambridge Primary English as a Second Language curriculum framework.

Student's Books:

- Engage learners with the colourful and appealing Student's Books, with audio materials and songs.
- Inspire thought and conversation with a range of carefully selected fiction and non-fiction reading texts covering interesting topics for the age group.
- Activate learners' imagination and provide opportunities for them to contribute their own knowledge and experiences to the lessons, whatever their level of English, through the stimulating texts and the appealing illustrations and photographs.
- Help learners gain confidence by providing challenges to think deeply and communicate their ideas and opinions.

We are working with Cambridge International Examinations towards endorsement of these forthcoming titles.

Extensive Workbooks:

- Provide additional activities and opportunities for further practice related to the key topics presented in the Student's Books.
- Build confidence and understanding of key vocabulary and language structures covered in the curriculum framework.
- Challenge learners to stretch themselves by spending longer thinking about a topic and investigating it further with the 'Thinking Deeper' tasks.

Supportive Teacher's Books:

- Benefit from a clear, but differentiated path through the Student's Books.
- Be ready to teach with comprehensive, easy-to-use teacher and classroom resources, including step-by-step lesson plans, and a varied and extensive Activity Bank.

Collins International Primary Science

Authors: Karen Morrison, Tracey Baxter, Sunetra Berry, Pat Dower, Helen Harden, Pauline Hannigan, Anita Loughrey, Emily Miller, Jonathan Miller, Anne Pilling and Pete Robinson CP Age 5-11

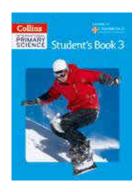

Motivate pupils aged 5-11 with a student-centred course that develops scientific enquiry skills.

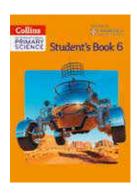

This series is endorsed by Cambridge International Examinations to support the full curriculum framework from 2011.

Science provides a progressive and student-centred six-level scheme for primary pupils

scheme for primary pupils worldwide. Inspiring visuals and activity-based investigative tasks stimulate children's interest and promote independent learning.

- Deliver the requirements of the Cambridge Primary Science curriculum framework with confidence and ease.
- Motivate your students with stunning visuals in the photograph-rich, full-colour Student's Books and the visuals on the DVDs.
- Help every child to progress with activities designed to develop their scientific enquiry skills.

More information and a full sample unit available at www.collins.co.uk/InternationalPrimaryScience

English for Mathematics

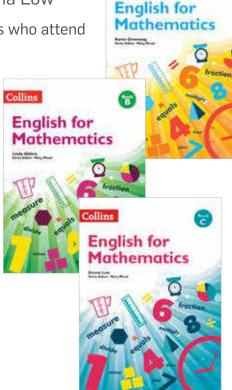

Series editor: Mary Wood

Authors: Karen Greenway, Linda Glithro and Emma Low

Practical workbooks aimed at non-native English speakers who attend English language mathematics lessons in primary school.

- Units are organized by mathematical topic and concepts appropriate to the age group.
- Key language relating to the mathematical concept of the unit is highlighted.
- Simple cartoons, clock faces, diagrams and charts help children understand mathematical words and exercises enable children to practice the language taught.
- Ideas at the end of every unit provide teachers or parents with ways to present the concepts and mathematical vocabulary in the unit.

English For Mathematics: Book A 978-0-00-813570-6 £5.99
English For Mathematics: Book B 978-0-00-813571-3 £5.99
English For Mathematics: Book C 978-0-00-813572-0 £5.99

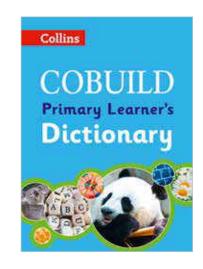

Collins

Cobuild Primary Learner's Dictionary (2012)

The perfect dictionary for ESL learners aged 7+ who use English at primary school.

- The essential words and phrases for subjects such as maths, science and history
- Simple definitions and hundreds of drawings make learning words easy
- Examples of real English show how to use words correctly
- Illustrated supplement gives extra help with key primary school subjects

Cobuild Primary Learner's Dictionary 978-0-00-755654-0 £9.99
