English for Young Learners

**Collins
Big Cat**

Collins Big Cat readers and workbooks help children to learn how to read in English – accurately, fluently and with enjoyment. Following colourful and engaging texts, children naturally extend their vocabulary and build their understanding of English grammar and language structures.

Examples from *The Farmer's Lunch*, Level 1A/Pink A.

Fiction and non-fiction readers for children from age 6 and upwards learning English. A **broad range of topics** reflect the breadth of the school curriculum, and the general interest of children.

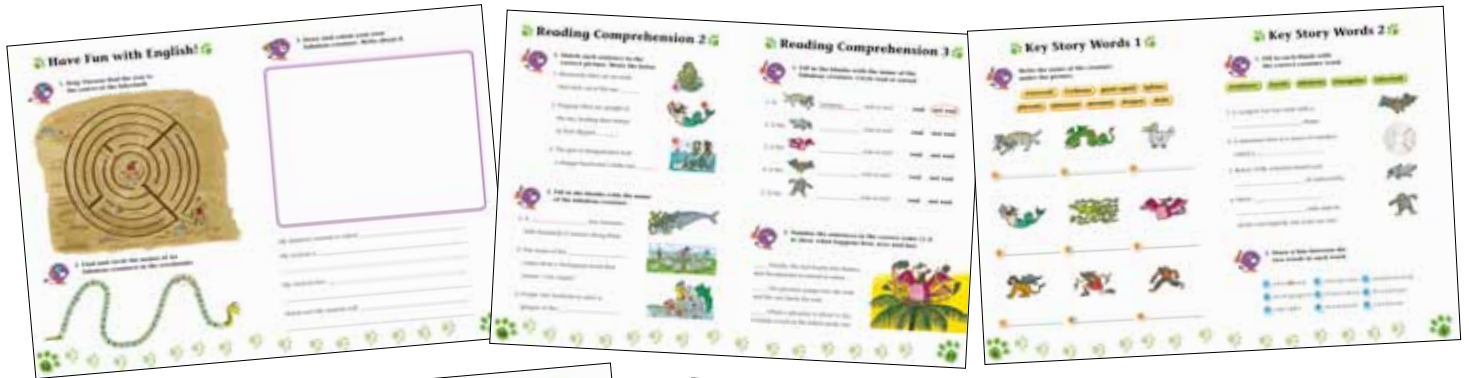

Readers are carefully graded across 13 levels to ensure systematic progression:

A 16-page colour workbook accompanies each Collins Big Cat reader. Workbooks follow the same carefully-graded levels to ensure systematic progression.

Workbooks contain:

- games and puzzles
- vocabulary and grammar activities
- traditional-style comprehension exercises

Tracing, copying and free-writing tasks build and develop children's writing skills as they progress through the levels, Pink A up to Lime.

A quiz to test understanding, and a reward certificate at the back of each workbook enable children to feel a sense of progress as they learn to read more confidently in English.

Workbooks are written and edited by English language learning professionals and enable children to practise topic-related vocabulary, target grammar, and skills relevant to their language ability, through a range of traditional and fun exercise types.

Examples taken from *Fabulous Creatures – Are They Real? Workbook*, Level 11/Lime

Levels 1A/Pink A to 3/Yellow: The lower levels of the series are for children who can't yet read more than a few words in English, and have a very limited writing ability. Workbooks for lower levels include tracing and copying letters and simple words.

Levels 4/Blue to 11/Lime: The upper levels are for children who can read full sentences and short paragraphs fairly confidently in English, have a solid foundation of English vocabulary, and a good understanding of the basic grammatical structures. They can write in sentences and short paragraphs.

Examples taken from *Super Ben*, Level 2B/Red B.

Tracing, copying and free-writing tasks build and develop children's writing skills as they progress through the levels, Pink A up to Lime.

A quiz to test understanding, and a reward certificate at the back of each Workbook enable children to feel a sense of progress as they learn to read more confidently in English.

Workbooks are written and edited by English language learning professionals and enable children to practice topic-related vocabulary, target grammar, and skills relevant to their language ability, through a range of traditional and fun exercise types.

Examples taken from *Fabulous Creatures—Are They Real?* Workbook, Level 11/Lime

Levels 1A/Pink A to 3/Yellow: The lower levels of the series are for children who can't yet read more than a few words in English, and have a very limited writing ability. Workbooks for lower levels include tracing and copying letters and simple words.

Levels 4/Blue to 11/Lime: The upper levels are for children who can read full sentences and short paragraphs fairly confidently in English, have a solid foundation of English vocabulary, and a good understanding of the basic grammatical structures. They can write in sentences and short paragraphs.
