# Introduction

These whiteboard and photocopiable masters are from the book, *Three Singing Pigs*, by Kaye Umansky, published by A&C Black. The masters are designed to be printed out and photocopied for individual pupils or displayed on an interactive whiteboard for whole class teaching.

A score is simply a means of showing the musicians when and how to play. It might be written in musical notation, like the score of a piece by Mozart, a graphic chart – as in *Little Red Hen* (page 4) – or it might be a picture score which is more open to interpretation by the musicians – as in *The Eel's Dance* (page 9).
