4 Times Table

1   4 × 11 = _____

Think, 'How many 4s in 28?'

2   4 × _____ = 24

3   _____ × 4 = 28

4   32 ÷ 4 = _____

5   36 ÷ _____ = 4

6   _____ ÷ 4 = 12

7   What is one quarter of thirty-six?   _____

8   What is four multiplied by two?   _____

9   A pentagon has five sides.
How many sides in total are on four pentagons?   _____
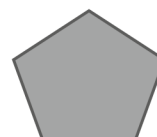

10   Manesh measures the perimeter of a square. It is 12 cm.
How long is each side?   _____ cm

11   Mia gives £10 a month to an animal charity.
How much does she give to the charity over
four months?   £ _____

12   A gymnastics club of 36 children enter a competition.
The gymnasts are in teams of four.
How many teams has the club entered?   _____

13   40 × 40 =

Think about the multiplication fact 4 × 4.
Multiply the result by 10 and then by 10 again.

_____

14   2400 ÷ 4 =   _____

15   A campsite charges £120 to stay for a week.
How much will it cost to stay at the campsite
for four weeks?   £ _____

Add up your marks and convert them to points, then record them on the Times Tables Tracker. See if you can score a total of 15 points before you move on to the next times tables!

18–20 = 5 points ☺ Well done, add your points to the tracker!

15–17 = 3 points 👍 Nearly there.

10–14 = 2 points ✏ Have another go.
