12	<p>Of course, most people know that gorillas are gentle and retiring, but Tim was unaware of this. The very bravest people can be scared of at least one thing and Tim, though brave about absolutely everything else, happened to be scared of gorillas.</p> <p>“When I took this job,” he thought to himself, “I did not know a gorilla was involved.”</p>	
13	<p>At that moment something in the cupboard under the sink began to gurgle, or perhaps to gargle. However, a gargling gorilla is just as scary as a gurgling one.</p>	
14	<p>Tim made up his mind to keep away from the cupboard (100 words) under the sink...</p>

Book level matching guidance

For children reading with:

- 96% - 100% accuracy (4 or less miscues): The child can read this text independently and may be ready for the next colour band for guided reading sessions
- 90-95% accuracy (5-10 miscues): The child can read this text with guidance and instruction. This is the *ideal band* for guided reading sessions
- Below 90% accuracy (11 or more miscues): The child may struggle to maintain an understanding of this text within a guided reading session and may be better suited to a lower band

Running Record Procedure

- Check that the child is ready and happy to proceed.
- Provide the child with the book. Introduce the book but do not describe the content.
- Explain that you are going to listen and make notes while the child reads to you.
- Allow the child to read. Only interrupt to give a word when the child has made a good attempt to read it. Make a note of strategies used to tackle tricky words.
- After reading, ask the child to tell you about the story, or to answer some questions about the story. Include recall and inference questions.
- Praise the child and thank them.
