Book level matching guidance

For children reading with:

- 96% - 100% accuracy (4 or less miscues): The child can read this text independently and may be ready for the next colour band for guided reading sessions
- 90-95% accuracy (5-10 miscues): The child can read this text with guidance and instruction. This is the *ideal band* for guided reading sessions
- Below 90% accuracy (11 or more miscues): The child may struggle to maintain an understanding of this text within a guided reading session and may be better suited to a lower band

Running Record Procedure

- Check that the child is ready and happy to proceed.
- Provide the child with the book. Introduce the book but do not describe the content.
- Explain that you are going to listen and make notes while the child reads to you.
- Allow the child to read. Only interrupt to give a word when the child has made a good attempt to read it. Make a note of strategies used to tackle tricky words.
- After reading, ask the child to tell you about the story, or to answer some questions about the story. Include recall and inference questions.
- Praise the child and thank them.
